

Senior Consultant (Life Cycle Assessment)

Hybrid or on-site - Bristol, London or Manchester – to £57k (flexible)

About us:

Eunomia is a leading environmental consultancy working primarily in the fields of waste management, resource efficiency, low carbon energy, marine planning, and climate change mitigation. We currently have around 150 staff located in Bristol (HQ), London, Manchester, Scotland, Brussels, Athens, New Zealand, and New York. We are at the leading edge of many critical areas of environmental policy, and we punch well above our weight in terms of influence on public and private sector clients alike.

Eunomia embraces diversity and equal opportunity, the more inclusive we are, the better our work will be.

The Role

LCA is a key growth area for the business, and we are currently looking for an experienced Senior Consultant to join our growing LCA team.

Working within the Energy, Sustainability and Markets team, you will be involved in a range of tasks including managing complex excel and LCA software-based modelling (e.g. SimaPro), desktop research, technical report writing, leading bids, and preparing and delivering presentations to/for clients.

You will be involved in multiple projects at once where quantification of environmental impact is required. This will be for a range of client types.

You will be flexible, comfortable under pressure, have a strong work ethic, and an ability to learn technical work in a range of areas rapidly. You will be a self-starter, highly organised, and share our commitment to a high quality of work. A personal interest in, and commitment to, environmental and sustainability issues is expected.

Experience Profile:

- 5 years demonstrable experience of LCA project delivery either as paid for client work or within a team in an industrial setting
- Strong technical understanding of LCA including the common methodologies for undertaking these
- Competent in using commercial LCA software with a preference towards SimaPro, but willingness to learn if experience is from other platforms

- Excellent research & data analysis skills, including manipulation of large datasets
- Demonstrable experience of strong verbal and written communication skills including technical report writing and client presentation
- Ability to conduct strategic conversations at a senior level including assessing needs, developing technical propositions and taking clients on their sustainability journey.

Some “would be great to have’s”

- Experience working within Consultancy business model / multi-national company exposure / Experience of having contributed to, or led successful business development activity / Experience and, or direct involvement in PEF projects at a European level

What do we offer?

You will be part of a supportive and friendly values-led work environment, with continued professional development opportunities. A competitive salary (the provisional salary range for this role is up to £57,000 depending upon location, but there may be flexibility for exceptional candidates) with excellent benefits (including Private Healthcare [which includes dental provision], EAP, Death in Service scheme, Group Pension, Income Protection Scheme (after completion of probationary period). 24 days holiday per year (plus Bank Holidays) rising by 1 day each year to a maximum of 30 days per year and the option to “buy” up to five more days annual leave. All of us have a monthly wellbeing allowance and can take an additional 2 days “leave” a year for volunteering.

Eunomia embraces equal opportunity in the workplace and throughout the recruitment processes. We are committed to building a diverse and inclusive team of brilliant, exceptional individuals. We therefore welcome and enjoy receiving applications from all candidates, and do not discriminate based on age, disability, sex, gender confirmation, sexual orientation, marital status, pregnancy and maternity, religion or belief, ethnic or national origin and race. We typically have a high number of applications and reserve the right to close our vacancies before the closing date.

The Company reserves the right not to appoint anyone if no suitable candidates come forward. Eunomia Research & Consulting is committed to protecting data and respecting the privacy of persons it deals with. In so doing, we comply with the requirements of the General Data Protection Regulations (GDPR) 2018. We confirm that in the event you apply for a role within Eunomia, your details will be securely held by the company in line with the company’s Privacy Policy which is available on Eunomia’s website. We encourage you to read this policy in order that you understand our legitimate reasons for processing your data, as well as your rights with regard to submitting your personal information to us with regard to recruitment.
